

Water Charges Information Sheet

This information relates to the period between 1 January - 31 December 2010 (2009 Water Charges are shown in brackets)

Unmeasured (Unmetered) Water Supplies

Unmeasured water charges are calculated using the Tax on Real Property (TRP) value of a domestic building (land, outbuildings and greenhouses are excluded from Guernsey Water's calculations).

The standing charge for unmeasured supplies has decreased from **£26.93** to **£25.00**. The unit charge for TRP has increased to **£0.44** from **£0.41**.

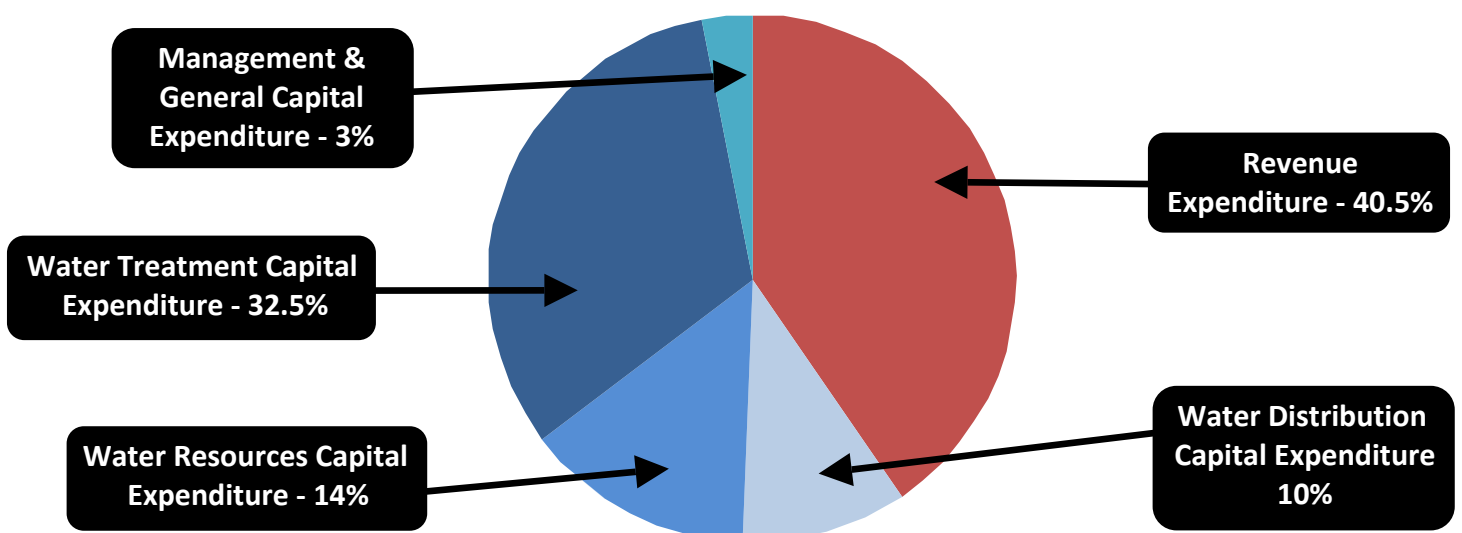

Measured (Metered) Water Supplies

<u>Size of Meter</u>	<u>Quarterly Charge</u>	<u>Per Cubic Metre</u>
15mm (½")	£25.00 (£26.93)	£1.69 (£1.60)
20mm (¾")	£36.03 (£34.99)	£1.69 (£1.60)
25mm (1")	£39.93 (£38.77)	£1.69 (£1.60)
40mm (1½")	£44.92 (£43.62)	£1.69 (£1.60)
50mm (2")	£47.52 (£46.14)	£1.69 (£1.60)
75mm (3")	£49.93 (£48.48)	£1.69 (£1.60)
100mm (4")	£54.89 (£53.30)	£1.69 (£1.60)

As a result of feedback from customers, it has been decided to reduce the measured standing charge for the most common 15mm meter size. This reduction in the standing charge gives customers more control over reducing their water consumption, and thus reducing their water bill.

What Your Water Charges Contribute Towards

Based on 2008 Accounts

NOTES

Water supplies for the following purposes must be metered:

- Unattended garden hose and automatic irrigation
- Garden sprinkler or similar
- Swimming pool, spa pool or Jacuzzi
- Substantial building or construction works
- Any commercial use (e.g. offices, shops, hotels, restaurants, self-catering accommodation, garages, agricultural and horticultural)

It is the customer's duty to inform Guernsey Water of any use of water for the purposes listed above.

All TRP rates are set by the Cadastre, so please contact them if you have any queries about your property's TRP rating.
